# Christian Science Lecture

by José de Dios Mata, CSB

Christian Science practitioner, teacher and member of the Christian Science Board of Lectureship

The message is clear and simple. Heaven is within us, and not a place in the future. It is a mental and spiritual state without a single element of delay or waiting that is at hand as Christ Jesus taught. This lecture takes a look at how we can bring healing, restoration and regeneration to our lives by actively living moment by moment in the kingdom of harmony.

## Thursday, March 19<sup>th</sup> at 7:30 pm

at The Museum of Biblical Art

7500 Park Lane • Dallas, TX 75225

These inspirational talks show how to make spirituality practical with ideas from the Bible and the Christian Science textbook, *Science and Health with Key to the Scriptures* by Mary Baker Eddy.
